Gövde ve kapakları ayrı ayrı istiflenen alışılmış saklama kutularının aksine; **Split Box**'lar pratik tasarımı ile kapakları yana açık bir vaziyette iç içe geçerek maksimum alan tasarrufu sağlar.

Unlike conventional storage boxes, whose body and lids are stacked separately; With their practical design, Split Boxes provide maximum space savings by interlocking with their lids open to the side.

Çift Mekanizmalı Kilit

* Çift kilit mekanizması sayesinde tam açılabilir ve tam kapanabilir pratik kapaklar. * İç içe kolay istifleme.
* Silindirik sütunlardan oluşan tasarımı ile estetik görünüm.
